"THIS is a little guide book to migrants and travelers, and of much value to those who may incline to seek a home in the West. The Prospect.

From every portion of the State we hear good tidings, of the favor shown, by the people, to the Republican cause and candidates. All over the State, among the farmers, mechanics and business men, there is a general voice of condemnation against Barstow and his administration, and a determination to put an end to misrule and extravagance. There is a settled conviction among the industrial and producing classes that a new administration ought to be inaugurated in this State, and a firm belief that the sixth of November will relieve the State of a burden too great to be longer borne. The people fully understand the merits of the candidates, and their position on the vital issues before the country, and their verdict will be on the side of retrenchment and reform in our State Government, and of Freedom for all our citizens.

BRASSY.—The Madison *Argus* which pledged itself to produce the documents to prove that Coles Bashford is a Know Nothing, in despair at not being able to redeem its promise, hopes to direct public attention from its dilemma, by a new bluff game. And so it call on "*Coles Bashford to appear before the people, over his own signature, and deny his connection with the Know Nothings.*" And after saying that it has "dared the silent coward to do this before," it asks "why will not the Republican press call upon their candidate, to define his position, as Gov. Barstow has done?" We answer simply because he has done it. He came before the Convention which nominated him, and publicly endorsed the Anti-Know Nothing Resolutions of the Convention, and declared that they were his sentiments and that if elected he would carry them out. He did not wait six weeks as Gov. Barstow did, before defining his position. The *Argus* will have to try another tack.

MASS MEETING AT WAUKESHA.—The Waukesha *Democrat* contains a call for a mass meeting of all those opposed to the reëlection of Gov. Barstow, to the perpetuation of Lunatic Asylum Swindles, &c., at the Court House, next Tuesday, October 30th, at 12 o'clock M., to be addressed by Isaac P. Walker and Finday McNaughton, of Waukesha, David Noggle, of Janesville, and Jas. S. Brown and Dr. Jas. Johnson, of this city. Waukesha County is moving, in earnest, against the State Administration.

☞ The Kenosha *Democrat* explains that it copied the article against Bashford "at second hand, and not from the Oshkosh *Democrat*," and that "if the *Democrat* branded it as a falsehood, we never knew it."

We could hardly believe Mr. COE would descend to the low tricks of some of the Hunker presses.

STRAIGHT OUT WHIGS.—This organization of a "select few" in the "Empire State,' met at New York City yesterday morning, to nominate a State ticket. Some fifty-seven delegates, "choice spirits," were present, and the meeting was called to order by S. S. H. Ward, who, if we remember aright, is a pro-slavery, Union-saving, South-fearing demagogue of the meanest stamp. This attempted

"Resuscitation
Of a defunct organization,"

started by Ex-Gov. Hunt, will only damn those engaged in it, without injuring a whit, as it was designed to do, the Republican cause, which is certain to be successful.

M. J. EGAN.—We call attention to the statement of Mr. Egan, in our paper to-day, offering himself as a candidate for Senator, to the electors of the Sixth Senatorial District. We are not personally acquainted with Mr. Egan, but we know some of the men who have proposed him as a candidate, and that they are men who care more for an honest administration of the government, than for the *name* of Democracy. Mr. O'Neil stands on the platform of the Barstow and Nebraska Democracy. Mr. Egan stands on the platform of the people.

REPUBLICAN NOMINATION.—The Republicans of Portage City have nominated Dr. M. M. Davis for the Assembly. In the south district of Dane Co., W. M. Colladay is the Republican candidate for the Assembly, and in the west district of said Co., the Republicans have nominated Ebenezer Brigham, for the same office, and the convention which selected him, passed strong anti-Know Nothing resolutions. Geo. P. Thompson, is his opponent.

We are gratified to learn that C. C. WASHBURN, M. C., elect from the Western District is better, and that hopes are entertained of his recovery.

Dr. D. D. Cameron, of La Crosse is the Republican candidate for the Assembly in that district.

The republicans of the Potosi, district have nominated Dr. Armstrong for the assembly.

THE Eastern Mail is now brought by the cars instead of the boat, and arrives at 2 o'clock in the afternoon.

LOSS OF LIFE!

FURTHER PARTICULARS

OF THE

LATE STORM ON LAKE MICHIGAN!!

As we feared, it becomes our painful duty to record more loss of life and property from the great storm of Saturday and Sunday last. Old sea Captains, who have for years buffeted with the wind and waves, say that they have seldom experienced such a terrific gale, which buried many a brave heart in a watery sepulchre and destroyed thousands upon thousands of valuable property.

Wreck of the Schooner Kitty Grant.

About nine o'clock last Saturday evening the Kitty Grant, Capt. LONG, left Muskegan for Milwaukeee with a load of lumber for S. B. Grant. The wind was fresh, and the little craft glided swiftly over the rising waves. As the gale increased, the Captain shortened sail and thought he would be enabled safely to weather the gale. But fate had ordered otherwise, and when the schooner was off Fox Point, a furious blast struck her and she immediately capsized, and as she lay on her beam ends, drifting hither and thither, the furious waves would dash over her, threatening instant destruction, and enveloping her in a continuous sea of foam. But still her Captain and brave crew clung to their unfortunate vessel until about 9 o'clock Monday morning, when her masts fell overboard, and she immediately righted. It was then found that four passengers, who had retired for safety into the cabin, were drowned, it being impossible for them to get out after the vessel capsized. They were all Germans, and we were unable to learn their names. Out of the five passengers who went on board at Muskegan but one was saved. After the schooner righted she rolled and tossed in the trough of the heavy sea, but was fortunately seen during Monday morning by the schooner Flora, Capt. CHANDLER, who bore down upon the wreck, and succeeeded in rescuing the seven persons who still remained upon it, whom he safely landed at Chicago.

The *Kitty Grant* was a fore and aft schooner, and was owned by Gen. Grant of this city, who had her insured for $3,600. She was loaded with lumber and will probably prove a total loss.

Loss of the Schooner Steinhart.

On Sunday morning the schooner J. Steinhart bound from Green Bay to Chicago, while running before the wind, near Fox Point, was capsized. The Captain and crew lashed themselves to the rails, and remained in this position for over two hours, being submerged by every wave and exposed to the cold and piercing wind. At the end of that time the spars went overboard, and the schooner righted. By great exertions all the benumbed and exhausted crew were enabled to regain her deck except the mate who was drowned. The cook, however, was completely chilled through and soon died, leaving but three alive, who were rescued from their perilous position by the schooner *Belle City* of Racine, and taken to Chicago, where their wants were properly cared for, and they returned to our city yesterday noon.

The Steinhart was owned in this city by Capt. Ross and G. P. Pfister and was partly insured. She was loaded with lumber.

Schooner Dean Richmond.

The *Dean Richmond* went ashore on Sunday morning, about five miles north of Racine. As soon as she was seen, some brave souls manned the life boat and went to the rescue. A large crowd watched the little boat as she rose and sank with the surging waves. For a time it seemed questionable whether the vessel could be reached, but brave men plied the oars, and nine men and a boy were rescued and brought safely to the shore. Of those saved, the boy has since died from the effects of the cold and exposure.

Brig Racine.

This unfortunate vessel capsized Sunday, and the crew clung to the bottom of the vessel upwards of twenty-four hours. They were all finally rescued by the brig *Hutchinson* and taken to Chicago, though four of them were so completely worn out and exhausted, that it was with the utmost difficulty they could be kept alive.

By careful attention, however, they survived, and were doing well when last heard from. The crew numbered eight in all.

Propeller Chicago.

This new Propeller was met by the steamer Huron, on Monday, in a disabled condition near Death's Door, Green Bay, drifting without compass or without any knowledge of their position, the captain saying he was completely bewildered.

The propeller was bound down, with a full load of grain and provisions from Chicago.—The *Huron* supplied her with a compass and the *Chicago* proceeded on her trip.

STEAMER SUPERIOR.—The *Superior* arrived from Lake Superior yesterday. She lay under lee of South Manitowoc during the recent violent storm. She met no strong weather on her trip down, until encountering the late gale after leaving Mackinaw. Going up she had quite a rough passage.

PROPELLER ALLEGHANY.—The Propeller *Alleghany* has not yet gone to pieces, and as we predicted, her cargo will probably be saved in much better condition than was at first supposed. E. W. FOWLER took a dageurrotype of the Propeller as she lay yesterday and showed it to us. The picture was faithfully executed and reflected much credit upon the artist.

—A rumor has been afloat since yesterday that a steamer is ashore near Sheboygan, but it is probably a mistake, as we should have had decided intelligence before this, if the report was correct.

—The *Julia Dean*, wrecked at Skillagalee, belonged to B .S. Shepard of Chicago, and with her cargo of wheat, was worth $35,000. Insured in the Ocean, Atlas and Chicago Mutual.

—The schooner *Jacob Stronach*, of this port, loaded with lumber, capsized during the gale. The crew escaped on another vessel.

—The *River* is also being lightened, and may be saved with much less damage than was at first supposed.

—The *Free Democrat* came in yesterday, from Port Huron. She has some three or more feet of water in her hold.

—The schooner *Lark* continued to lighten her load of coal and apples yesterday and succeeded in getting off from where she had been lying near the mouth of the south pier, since Sunday, and passed up the river this morning to Kilbourn town.

—The schooner *Jessie* still lies in our harbor full of water and hard upon ground. Her cargoe of wheat, it is feared, will be a total loss though the vessel can be raised and refitted.

WAUKESHA.—We hear a great many different reports about the Sixth Senatorial District. The case is a very plain one. If the Republicans are united, and do not imitate the confusion of their opponents, they can elect Mr. Strong. If they do, we fear they will make Republican politics in Waukesha Co. as great a reproach as Hunker politics are now.

Dr. Kane.

The life of this remarkable man has been one series of adventurous travel and varied incident. From the time of his entering the United States Navy as Assistant-Surgeon, in 1843, to his recent arrival at New York from his great Polar Expedition, crowned with the glory of one of the most daring expeditions of modern times, he has crowded his years with deeds and incidents that will secure for him a lasting fame and a front rank among that fearless brotherhood of explorers, of whom Col. Freemont has hitherto been esteemed one of our most honored representatives. In China, among the pirates of the East Indian Archipelago, among the jungles of Hindostan, contending with the savages of the Sandwich Islands, ascending the mysterious Nile as far as the confines of Nubia, traversing Egypt and Greece on foot among scenes "clad with history," struggling with the terrible African fever among the slave marts of Whydah, fighting and bandaging wounds in Mexico, or daring the icebergs and blasts of regions where mercury froze and the light of the sun seldom shone—we behold the same indomitable spirit and cool intelligent courage that only heroes show in the presence of peril. Such men, while they contribute greatly to increase our knowledge of the earth, stand forth as noble examples for American youth.

His grey hair and furrowed face plainly tell the story of his hardships and sufferings. His appearance indicates two-score and ten; in reality he has just entered his 35th year. His form and physique are not what is generally fancied to be in keeping with dauntless spirit, daring exploits and herculean undertakings.—He is below the medium height, with a spare, delicate frame.

Kossuth, Mazzini, and Ledru Rollin.

These three patriots have addressed a thrilling and eloquent manifesto to the Republicans of Europe.

They say that now that Sevastopol has fallen the war is irrevocably and indefinitely prolonged—that Sevastopol is the first word of a grand war in which the people of Europe are to have the last word. The time has now come for action; unity is the one thing needful and they offer themselves as the center whence an initiative may spring. For Italy, Hungary, and Poland, revolution is war; they need allies and a favorable disposition of chances; for France and the rest it is merely an internal movement, and they have but to be unanimous and to will. The beginning of the war appeared to offer hope to the dismembered nationalities; the people were deceived by it; now those false hopes are dispelled. This ill-conducted war has brought to light the strength of the Revolutionary party.

This is the opportune moment; to morrow it may pass away. The Liberal party is from this time forward responsible for all the blood shed on scaffolds and the slow tortures of which Europe is the secret theatre, for it can conquer. It must feel its strength and doubt not of victory; it is strong, for God and the people are with it. Strong in its sorrows and its sufferings; strong in the justice of its cause and the immortal instinct of liberty; strong also through the faults and the crimes of its oppressors.

The sword of the rising Revolution alone can trace the map of the Europe of the future, Revolution alone can regenerate Italy to a third life, and say to Hungary and Poland—Exist! It alone can unite Spain and Portugal into an Iberian republic; create a young Scandanavian, give a material existence to Illyria, organize Greece, extend Switzerland to the dimensions of an Alpine confederacy, and group in a free fraternity and make an Oriental Switzerland of Servia, Roumania, Bulgaria and Bosnia. And it alone can harmonize above this real European equilibrium—sole guaranty of peaceful progress—the two grand ideas which now lead the world, and which are named Liberty and Association. Unite, organize, dare—daring is the prudence of the strong. Hungary and Germany cannot to-day do more than enter the second line of the great battle; France has no foreign enemy to conquer, and Italy must assert her life, one and republican. The man of the 2nd of December is the murderer of Rome. France and Italy, Rome and Paris!—this should be the battle cry.

ILLEGALITY AND UNCONSTITUTIONALITY OF SLAVERY.—A general convention of radical political Abolitionists is to be held at Boston on Tuesday, Wednesday and Thursday, Oct. 23, 24 and 25, for the purpose of discussing the illegality and unconstitutionality of Slavery, and the power of the Federal government over Slavery in the States, and for other objects.—Gerrit Smith, Lewis Tappan, S. S. Jocelyn, Frederick Douglass, William Goodell, James McCune Smith, and others, are expected to be present.

WHEREABOUTS OF SANTA ANNA.—SANTA ANNA and family are safely installed in, and near Carthagena, Panama, where he has a beautiful residence. His hacienda was under good cultivation two years ago, when he left it at the call of his partizans in Mexico. He now returns to private life for the third time; and the little *pueblo* of Tobacco must have strong attractions to induce him to locate his retirement there a second time, after his exciting and varied career.

—It is said that Messrs Little Brown & Co., publishers of Boston, can show receipts to the amount of a half a million of dollars, of which one hundred thousand was paid to a single family, which still retains the copy-rights.

EDITOR'S TABLE.

GERRIT SMITH IN CONGRESS.—Mason Brothers, publishers, New York.

Gerrit Smith himself, has said that public life and legislative halls were unsuited to his disposition and character. In this we agree with him, and though we cannot but feel that his career in Congress failed to satisfy general expectation, that it was marked by industry and ability, and an unqualified zeal for the cause of liberty and humanity.

His speeches and letters, while in Congress, will strike every reader as emanating from a noble and a philanthropic spirit, animated by a love of truth and principle, and imbued with a love and sympathy for the down-trodden and oppresed of every clime.

Gerrit Smith is a true philanthropist, an able man, a graphic and forcible writer, and a powerful and eloquent speaker, and though differing with him on many points, we cannot but accord him honesty of motive and integrity of purpose, and commend his writings to the careful perusal of the intelligent of every community.

DICKENS' HOUSEHOLD WORDS *for November.*—Dix and Edwards Publishers, New York.

This interesting and ably conducted periodical for November, comes to us, laden with its usual number of interesting tales and beautiful poems.

The "Household Words" is always readable and its articles bear the impress of the master-spirit by whom it is conducted, and should find its way into the houses of all families, for its influence tends to elevate and purify, while it enlightens and instructs.

☞ A writer in a late English paper, speaking of the culinary nicety of the French, relieves himself of the following:

Full many a fruit of purest juice serene,
The dark unfathom'd woods of Gallia bear;
Full many a mushroom springs to rot unseen,
And waste its ketchup on the desert air.

The New Metal.—The new French metal prepared from clay by Mr. Deville, of Paris, is getting to be of practical value in the arts.—This fact is mainly owing to the facility with which sodium may now be procured, and which is the active agent for the revivification of aluminum. Sodium is obtained by the decomposition of soda by charcoal. By the aid of a little lime it has been found easier to separate it from oxygen. Among the many remarkable qualities of this metal, such as its resistance to oxidation either in the air or by acids, its hardness, lightness, malleability, &c., is its sonority. M. Dumas mentions that an ingot was suspended by a string, and being lightly struck, emittted the finest tones, such as are obtained only by a combination of the best metals.

COLORING GLASS.—At a meeting of the Farmer's Club of the American Institute, Professor Mapes stated that a few years ago the art of staining glass was unknown, when in a club, something like this—only composed of mechanics—a member stated that he stained glass blue with cobalt, and another that he could color it red with ease, but not blue; untill finally others came forward with their facts applied to other colors, and when all were combined, the result was a mass of facts that has produced the beautiful combinations of colored gluss, equalling the art when it was applied to the old cathedral windows, centuries ago, in Europe.

HOW IT OPERATES.—The Bread League movement seems to take well among the citizens of Charlestown Mass. Over $4,000 has been paid in, and 600 barrels have been subscribed for. The agent Mr. William G. Butts, has gone West for the purpose of purchashing the flour.

TAKING THE VEIL.—Miss Castle, granddaughter of Admiral De Grasse, of revolutionary memory, and Miss Shubric, daughter of Commodore Shubric of our Navy, both took the veil as Sisters of Mercy, at Louisville, on the 9th inst.

RETIREMNT OF CAPT. NYE.—Capt. Nye, the commander of the steamship Pacific, will retire from the service on his return from his present voyage, and Capt. Eldridge will succeed him. The veteran commander having, by long years of toil acquired a competency, has determined to quit the sea and pass the remainder of his days on shore, in the enjoyment of his well-earned fortune.

LA CROSSE AND MILWAUKEE R. R. IRON.—The schr. G. W. Nelson arrived here yesterday from Oswego with 2465 bars of iron for the La Crosse and Milwaukee R. R. Co.

CHINA.—A combined force of British and American boats had attacked and signally defeated a large fleet of Chinese Pirates. The American officers and men belonging to the *Powhatan* behaved in the most gallant manner.

☞ The British Government have made large purchases of Gutta Percha knapsacks, manufactured by the American Gutta Percha Company of Broadway.

Constitutional amendment in Connecticut.—The official result of the late election on the question of so altering the constitution of the State as to make the ability to read a necessary qualification for the exercise of the elector's privilege, has been ascertained. The amendment has been adopted by a majority of 4,841.

TELEGRAPHIC.—The prospect of having a telegraphic communication with the continent from Nantucket is more favorable. The cost will be much less than at first estimated, being now calculated at about $12,000. The plan is to lay the cable from Catham to Great Point, the nearest land, a distance of about twelve miles.

MADE MAD BY EXCITEMENT.—A young man named Dwight Merrill, of Utica, N. Y., who aided in removing and laying out the body of Schwartz killed on the railroad at South Boston, has become insane in consequence of the excitement attending upon that duty.

—A Washington correspondent writes that it is reported that Mr. Crampton, British Minister, asserts that the late attempt to implicate him in recent violations of our neutrality laws was the result of a conspiracy on the part of Forney to embroil the two governments, and at a proper time he will show this to be the case. He intimates that should he be recalled, no successer will be appointed.

To the Democratic Electors of the Sixth Senatorial District.

Having been nominated for the office of State Senator by the entire delegation from Oak Creek and Franklin, and by a portion of the delegation from Greenfield, representing more than four-fifths of the Democratic sentiment of the country towns in the Sixth Senatorial District, I take this opportunity to signify to the electors of the District my acceptance of the nomination so generously tendered to me, and my sincere thanks for this gratifying expression of confidence in my integrity and ability.

I accept the nomination, not because I deem it due to myself, but because the towns of Oak Creek, Franklin and Greenfield are entitled to that nomination. Although they contain a majority of the Democratic voters of the Sixth District, they have heretofore uniformly conceded the Senator to the city, having never been represented in the Senate by one of their own citizens. I object, in common with the Democratic residents of the above named towns, that they should be thus permanently disfranchised and virtually not represented, and the selfishness of those who, through motives of personal ambition, and to carry out a political programme for the elevation of men who have no interest in the welfare of this portion of the District, ought not to go unrebuked.

If elected to the honorable and responsible office of State Senator, I shall endeavor to discharge the duty incumbent upon me, solely with reference to the welfare of the people of my District, and of the whole State.

I am untrammeled by any obligations, in the nature of School Fund Loans, or by any personal favors, or an expectation of them, that would require a course of action inconsistent with the dictates of duty to the people of the District. If the system of economical government, which is the only safety to Republican Institutions, has been departed from by those in power, imposing increased and unnecessary taxation upon labor, I shall feel no obligations of a personal or political nature to prevent me from aiding in arresting the evil, and in bringing back the administration of affairs to the platform of economy and the true theory upon which our government is based.

M. J. EGAN.

A Democratic Candidate "In a Fix."

MESSRS. EDITORS:—

At the Democratic caucus held at the Layton House, in the town of Lake, on Saturday last, Mr. Peter Lavis was nominated as the Democratic candidate for the Assembly, in the Lake and Greenfield District, having, with the aid of whiskey, received 90 out of 110 votes.

After the nomination, a motion was unanimously passed, calling on Mr. Lavis for a speech. Here was a dilemna, and the "candidate," who cannot speak half a dozen words of straight English, and being unable to say anything, even if he could, looked chop-fallen enough. However he mustered up courage, and tremblingly mounted a wagon, where, politely taking off his hat, and making a *very* low bow, he dismounted again, evidently pleased with the effect of his address upon his hearers, who received it with loud cheers.

His friends apologized by saying it was evidently in his head, but "couldn't get out." These are FACTS.

Price of Barstow Votes, 25 Cents.

WAUKESHA, October 20

Messrs. Editors:—

An intelligent young man, a native of England, now residing at Mukwanago, came here last Monday to declare his intentions, &c., for the purpose of becoming a citizen and a voter. He applied to the Clerk of Court, (who, by the way, is a brother of Gov. Barstow,) and whom he found after long search, not at his office, but in a drinking saloon in this village, where he generally may be found. (I say this for the benefit of those who may want to do business with him.)

After arriving at the office, a colloquy ensued about the charge for receiving the declaration of intentions. Barstow told him it would be *seventy-five cents*, but if he would promise to vote for his "brother Bill" for Governor, it would be *fifty cents*. The young man did not promise, but on receiving his papers, after a long spell of coaxing, this generous Clerk told him he might pay fifty cents, remarking,—"I guess you'll vote right," and on telling his story afterwards, this young man said he would "vote right" *against* "brother Bill," and if necessary he will swear to the above statement.

TREATY WITH JAPAN.—The Administration has decided that no efforts will be made on the part of the United States to compel the reception of American merchants as residents. The treaty was one of amity, and not of commerce.

It is understood that Hon. TOWNSEND HARRIS, who sailed in the Pacific for Siam, will also visit Japan, with instructions to conclude a commercial treaty with that government.

Milwaukee & Horicon R. R.—Three thousand seven hundred and eighty-five bars of iron have arrived here from the east, for the M. & H. R. R. Co., this week. The Company have also just received forty platform cars and two locomotives.

From two to three cars are filled with passengers each way, and the business of the Road already far exceeds the most sanguine expectations of its friends.

A Boston Juvenile—The Boston *Times* tells a rather tough story of a proclaiming youth in that city.

A few days ago a youngster some six or seven years of age stepped into Dr. Fred Browns store and asked Dr. Withington for a first rate cigar.

"Do you smoke, Tommy?" inquired the Doctor.

"Now and then," was the reply.

"Folks all well Tommy?"

"So so-ish—pretty comfortable."

"I saw your mother the other day; she was dressed in deep mourning. Who was that for Tommy?"

"Why you know father has been very sick?"

"Yes; but bless me he ain't dead is he?"

"Dead? no! He's got nearly well; and mother so disappointed she put on mourning, and says she is wearing it for an aunt of mine who died some time ago; but you and I understand it Doctor thats all in a pigs eye You don't want to step over to Youngs and moisten the alimentary, do you?"

"No."

DAILY DEMOCRAT.

C. D. BOOTH, Editor.

WEDNESDAY.....OCT. 24.

THE HUTCHINSONS give their last concert at Young's Hall, this evening. All lovers of heart-music—of that natural melody which wells up spontaneously from the soul—will be present. We know of no troupe of concertists who have maintained, for so long a time, so much celebrity as public singers, or who have done so much to promote the cause of Human Freedom and human well-being.

RUNAWAY.—About nine o'clock this forenoon, a horse having broken loose from a wagon, and having the shafts of a wagon dangling at his heels, came thundering down West Water Street, made round the corner of West Water and Spring Streets and when opposite Belden's Saloon ran between a load of wood and a one-horse lumber wagon, which stood so near together that the animal came in collision with both, with so much force as to cause him to fall prostrate to the ground. He got up quickly and apparently not much injured.

Musical Society.—The Milwaukee Musical Society have leased Young's Hall for five years at $2,000 per year. They intend enlarging the stage and making other improvements, so as to render it the best concert and ball room in the West.

Police Court.—Rosina Noark was brought down from jail yesterday afternoon, to be examined for stealing from the Milwaukee boot and shoe store and from Blair & Persons' crockery store, and was held to bail in the sum of $250 for her appearance at Circuit Court, and in default was taken back to jail.

A warrant was issued against Jas. S. Pratt, for stealing $15,50 from Jas. McClear, of Wauwatosa, on the 23rd inst. The accused had previously been committed to jail.

Matthias Dodmead was tried this forenoon for an assault and battery on Phimelia Coster, and found not guilty.

B. and E. Daly were arrested and committed to jail to await trial, for an assault and battery on John Sullivan.

Benj. Shane was arrested for stealing a pair of boots, valued at $5, from the dwelling of G. Pigg.

FIRST WARD DEMOCRATIC NOMINATION.—The Democrats of the First Ward held a caucus at Best's Beer Hall, yesterday afternoon, and nominated Joshua Stark as their candidate for Assembly, by a vote of 212 to 135 for Patrick Nichol.

MARINE.—The schooner Yorktown arrived here last night from Cleveland, with 341 tons iron, 1,130 boxes glass, 124 bbls apples and 1,505 kegs nails: the schooner White Cloud, from Cleveland, with 400 tons coal; the propeller Mayflower and schooner Kirk White, from Buffalo—the former bringing 400 tons Mdz., and the latter 250 do.

The steamer Superior brought 20 tons iron ore from Superior.

The docks along the river present an unusually active appearance, and the quantity of goods landed at this port is immense.

THE CONCERT LAST EVENING.—Patti and Julien had an excellent house last evening, weather and high prices considered, and were quite enthusiastically received. Patti sang "like an angel," or rather as we suppose angels ought to sing, and Julien proved himself a youthful master of the violin, though we have heard him play much better. On the whole, the Concert was a delightful one, and we are glad to learn that the troupe will favor us with another next Saturday, when the prices will be reduced to the more democratic standard of fifty cents.

CIRCUIT COURT.—The murder trial commenced on Monday last, is still progessing.—The testimony will probably be all in to-day.

DUTCH FLOWER ROOTS, of the choicest kinds, can be had in any quantity of T. Hislop, gardener and florist. We printed in the advertisement "seeds," but it should have been roots. These roots have been imported by Mr. Hislop, and can be relied on as genuine.

AYER'S PILLS.

FOR ALL THE PURPOSES OF A

FAMILY PHYSIC.

THERE has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical *pill*, but not easy to make the best of all *pills*—one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These *pills* produce no irritation or pain, unless it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Appetite, Listlessness, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins; for, in truth, all these are but the consequence of diseased action in the liver. As an aperient they afford prompt and sure relief in Costiveness, Piles, Colic, Dysentery, Humors, Scrofula and Scurvy, Colds with soreness of the body, Ulcers and impurity of the blood; in short, any and every case where a purgative is required.

They have also produced some singularly successful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stomach and bowels into healthy action, and restores the appetite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, renovate the strength of the body, and restore the wasted or diseased energies of the whole organism. Hence an occasional dost is advantageous, even though no serious derangement exists; but unnecessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed this pill will answer a better purpose than any thing which has hitherto been available to mankind. When their virtues are once known, the public will no longer doubt what remedy to employ when in need of a cathartic medicine. Being sugar-wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

For minute directions see wrapper on the Box.

AYER'S CHERRY PECTORAL,
For the rapid Cure of
COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

THIS remedy has won for itself such notoriety from its cures of every variety of pulmonary disease, that it is entirely unnecessary to recount the evidences of its virtues in any community where it has been employed. So wide is the field of its usefulness, and so numerous the cases of its cures, that almost every section of the country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs which are incident to our climate. And not only in formidable attacks upon the lungs, but for the milder varieties of COLDS, COUGHS, HOARSENESS, &c.; and for CHILDREN it is the pleasantest and safest medicine that can be obtained.

As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best that it ever has been, and that the genuine article is sold by—

W. L. HOPKINS & Bro., H. Bosworth & Sons, and Druggists in Milwaukee, and by dealers generally thro' out the country.

CHICAGO TYPE FOUNDRY,
AND
PRINTERS' WAREHOUSE !
43 FRANKLIN STREET, CHICAGO.

THE SUBSCRIBER HAS THE PLEASURE OF announcing that he has made arrangements for establishing a

TYPE FOUNDRY,
AND
PRINTERS' WAREHOUSE !
IN CHICAGO.

Such an establishment has been long wanted, and has been earnestly solicited by Western Printers.

The advantage of a Foundry, in connection with a Printers' Warehouse, which can supply large or small orders and "sorts," without any delay, is too well known to Printers to need comment.

A large and well assorted stock from the celebrated and long established Foundry of

WHITE & CO., NEW YORK,

Will be constantly on hand, embracing all the varieties of News, Ornamental and Jobbing Type, with Borders, Cuts, &c.

An arrangement has been made with the well-known establishment of

R. HOE & CO.,

For a large stock of presses and printers' materials.

Inks in every variety, for plain or fancy printing, from the manufactory of Collins & Lichbody, whose Inks bear a high reputation in the eastern cities.

With the arrangements thus made,

The Chicago Type Foundry !

Is prepared to offer to Western Printers every article required in a Newspaper or Job Office of the best quality, and upon as favorable terms as any Foundry in the United States. C. G. SHEFFIELD, Agent.

THE OLD EAGLE GOING IT WITH A RUSH

The Eagle
STEAM FOUNDRY
OF
TURTON & SERCOMB,
296, 298, 300, 302 and 304, West Water Street

IS still in full blast, working day and night to supply the daily increasing wants of the Badger and other States.

In order the better to do this the proprietors have erected a large brick Foundry in addition to their former premises. They have added to their stock of Tools a large Planing Machine or Shaping Machine, three Lathes, and a machine for making bolts, and are now putting in a Steam Engine of — horse power to drive the whole, thereby adding to their former facilities for the successful carrying on of the Foundry, Machine, Engine, and Blacksmithing business. They never were in a better position for doing business, and defy competion in any department.

In regard to the character of the work got up by this,

The Oldest Establishment in the State,

the Proprietors refer to that in successful operation thro' the country as their best recommendation, as it can speak for itself. All they can say is, that they are both PRACTICAL MECHANICS, and know how work should be done as well as the next man. They continue to manufacture **Flour and Saw Mill Gearing and Steam Engines,** on the most approved principle.

They have always on hand a large stock of BRASS WORK, such as *Gauge and Cylinder Cocks, Oil Cups & Cocks, and Steam Whistles.* Also *Turton's Files*, which they will sell at the lowest cash prices.

They are also Agents for *Eastman's Patent Steam Gauges*, which are well worth the attention of all who use Steam Engines.

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of the reputation it has already gained.

Their motto is, "*Excelsior.*"
